# CONFINED SPACE TRAINING

## **PURPOSE OF THE PROGRAM:**

The Confined Spaces program is intended to provide construction managers, qualified and competent persons, with the basic information regarding entry into confined spaces. Its purpose is to create an awareness of the hazards associated with confined spaces and provide basic information necessary to establish a confined-space entry program. The content of the program includes developing a confined-space entry permit program, planning for confined-space entry, identifying hazards and how they occur, and learning emergency rescue procedures, respiratory protection techniques, and important definitions.

**Instructor:** The program will be taught by EGCA member Greg Shreenan of Trench Shoring Company. Greg is a NUCA trained instructor, with over 20 years of construction experience in the field.
