### PROGRAM: GARY L. GALLEGOS

Gary Gallegos is the Executive Director of the San Diego Association of Governments (SANDAG). He is a nationally recognized expert in the areas of transportation, land use, regional public policymaking, and binational planning and diplomacy. He leads a staff of nearly 200 professionals who collaborate to develop public policy initiatives for elected officials on numerous issues encompassing population growth, transportation, environmental management, economic development, municipal finance, binational coordination, and public safety.

Under his direction, the agency has crafted an innovative \$42 billion Regional Transportation Plan, "Mobility 2030", to address the region's transportation needs. Mr. Gallegos also served as the catalyst for SANDAG to create and implement, through its member governments, the first-ever Regional Comprehensive Plan – the strategic planning blueprint – which balances population, housing, and employment growth with habitat preservation, agriculture, open space, and infrastructure needs.

In 2004, Mr. Gallegos led the charge to gain a 67 percent voter approval to extend the local half-cent transportation sales tax program known as TransNet. Administered by SANDAG, TransNet will generate \$14 billion to help fund highway, transit, and local road improvements. These projects will be under discussion at our meeting. **Reserve now!!!!!!**
